REGISTRATION DEADLINE: JUNE 15, 2016. LIMITED CLASS SIZE

Ms. EMMA teaching company class at the National Opera and Ballet of Bulgaria

“I had the chance to work with Danita Emma... in the National Opera and Ballet of Bulgaria. I was delighted to meet a teacher and ballet-master with such a profound understanding of ballet as a technique and art. Her classes have a very pure structure with a perfect balance between fast and slow, which both places the dancers body correctly and builds up important quality of the movements. As a ballet-master she has a very precise and artistic touch. Working with Danita gives the dancer the strength and self confidence required to be a performer.”

Diliana Nikiforova, Principal Dancer
National Opera and Ballet of Bulgaria

Teachers will observe a ballet technique class given by IBI Artistic Director and master teacher Danita Emma. Following the class, there will be a discussion focused on theories in method, body placement, alignment and music. The success of the discussion will depend on active participation of the attendees'; their comments and questions in response to the master class observation will drive the conversation.

Ms. Emma is a Fulbright Dance Specialist and holds a BFA Dance Degree in Pedagogy.
